

PUBLIC POLICY

Legislative involvement has a long history in AAUW. If EOF is the heart of AAUW, Public Policy is the power. The power to effect positive societal change; the power for women and men to have a voice in decision making; the power to promote social, economic, and physical well-being for all persons. The members of the Tehachapi Mountain Branch can make a difference.

We must work through the legislative process to succeed. It is easy to contact elected officials through their websites by simply entering their name in the search box or by mail or telephone.
